

Amendments to the Claims

1. (previously presented) A toy kitchen comprising:
a main unit having a front surface; and
a repositionable island removably coupled to the front surface of the main unit,
wherein the repositionable island is perpendicular to the front surface of the main unit
thereby forming at least two separate play areas.
2. (currently amended) The toy kitchen of claim 1 wherein the main unit
includes a first side wall and a second side wall, the repositionable island being
removably attached attachable to the main unit at one of the first and second side walls
when removed from the front surface of the main unit.
3. (original) The toy kitchen of claim 1 wherein the main unit and the island
each further comprise at least one toy accessory selected from the group consisting of
a sink, a stove top, an oven, a cutting surface, a microwave oven, a dishwasher, a
refrigerator, a freezer, a coffee maker, an ice dispenser, a toaster, a countertop, a
clock, a set of shelves and a cabinet.
4. (cancelled)
5. (cancelled)
6. (currently amended) The toy kitchen of claim 1 wherein the island, when
removed from the front surface of the main unit, is removably connected connectable to
either one of a left side and a right side of the main unit to form a continuous play area
extending substantially along a single plane.
7. (cancelled)
8. (cancelled)

9. (currently amended) A toy kitchen comprising:
a main unit having a front surface; and
a repositionable island removably coupled to the front surface of the main unit,
wherein the repositionable island is perpendicular to the front surface of the main unit
thereby forming at least two separate play areas;

~~The toy kitchen of claim 1 wherein the main unit includes a front side and a rear side, and wherein an opening is defined within the main unit extending from the front side to the rear side, and wherein the main unit further comprises at least one of a window sill and a pair of shutters positioned at the opening.~~

10. (withdrawn) An island for a toy kitchen comprising:
a frame;
a coupling mechanism attached to the frame, the coupling mechanism
configured to removably couple the island to the toy kitchen in at least one position.

11. (withdrawn/currently amended) The island of claim 4 11 further
comprising at least one toy accessory selected from the group consisting of a sink, a
stove top, an oven, a cutting surface, a microwave oven, a dishwasher, a refrigerator, a
freezer, an ice dispenser, a toaster, a coffee maker, a cabinet and a set of shelves.

12. (previously presented) A repositionable toy kitchen comprising:
a first unit extending along a first substantially vertical longitudinal plane; and
at least one removable and repositionable second unit extending along a second
substantially vertical longitudinal plane and positionable perpendicular to the first unit in
a first position, wherein the repositionable second unit is removably connected to a front
surface of the first unit to form at least two separate play areas, and a second position,
in which the first and second longitudinal planes are substantially coplanar.

13. (previously presented) The repositionable toy kitchen of claim 12 wherein
the first position defines first and second play areas, the first and second play areas
each partially bounded by one side of the first unit and one side of the second unit, and

wherein the second position defines a continuous play area extending along one side of the first and second units.

14. (previously presented) The repositionable toy kitchen of claim 12 wherein the first unit is a main kitchen unit and wherein the second unit is an island.

15. (cancelled)

16. (original) The repositionable toy kitchen of claim 12 wherein the first and second units each further comprise at least one toy accessory selected from the group consisting of a sink, a stove top, an oven, a cutting surface, a microwave oven, a dishwasher, a refrigerator, a freezer, a coffee maker, an ice dispenser, a toaster, a clock, a set of shelves and a cabinet.

17. (original) The repositionable toy kitchen of claim 12, wherein the first unit is removably positioned to the second unit in at least the first and second positions.

18-20. (cancelled)

21. (previously presented) A toy kitchen comprising:
a main unit having a front surface; and
a repositionable island removably coupled to the front surface of the main unit, wherein the repositionable island extends outwardly from the front surface of the main unit thereby forming at least two separate play areas.
